Refills of Medications

We will not refill prescriptions late in the evening or on weekends. Please do not wait until you are almost out of drops or pills before contacting us. If in doubt about a refill, please contact your pharmacist and they will tell you if you have any left on your prescription.

Telephone Calls

Routine calls and matters can only be handled during normal office hours (Mon, and Thurs 9-7, Tues and Wed 9-5, Fri 9-3). The person answering the telephone will take your message, attach it to your chart and put it on the doctor's desk. The doctor or his staff will then return all routine calls as the schedule permits. If for some reason the call is not returned that day, please call us the next morning and we will again bring it to the doctor's attention. Please note that sometimes when the doctor returns a call, he either gets a busy signal or no answer. There are no walk-in appointments - call ahead if it is an emergency and we will fit you in as soon as possible.

Referral Forms for Managed Care

It is the patient's responsibility to bring in a referral form if they are insured under a managed care program. We try very hard to remind patients to bring in the referral forms, but please remember this is your insurance and ultimately your responsibility. If services are denied by your insurance company due to the absence of a referral, you will be responsible for payment of such services. If you are not sure if you have a current referral form, please contact our office and we will be happy to check it for you.

Missed or Cancelled Appointments

If you need to cancel your appointment, we kindly ask that you give 24 hours notice so that we can have time to schedule another patient. Otherwise, your account may be charged. Thank you.

I acknowledge that I h	ave read t	he abov	e info	rmation.
